

# commercial casework & millwork solutions

At **New England Caseworks** we specialize in commercial casework & millwork solutions built by experienced craftsmen to meet the needs of the Education, Healthcare, Commercial, Industrial and Laboratory markets. New England Caseworks provides standard and custom product offerings in wood, plastic laminate, melamine and phenolic. Discover how we can assist you to meet your design and the requirements on your next project.

**New England Caseworks** combines quality, customization, responsive lead times and service to provide a complete package for your standard or unique casework needs. New England Caseworks operates from a 30,000 sq. ft. facility utilizing a comprehensive manufacturing software suite, automated equipment, bar coding with individual product labeling and a state-of-the-art finish line to efficiently provide top quality products.
