

Worcester Academy Kingsley Hall Renovations

Architect: Ann Beha Architects
Contractor: Consigli Construction
Location: Worcester, MA

The Kingsley Hall renovation project provided much needed updates to seven laboratories used for biology, chemistry and physics. This project converted their traditional lab space into multipurpose laboratory classrooms.

Wood Veneer Casework

- Plain-sliced Red Oak
- Custom hexagonal fixed student workstations
- Pull out writing tablets with concealed outlet and wire management boxes
- Custom vented chemical storage cabinets
- Mobile prep stations

Work Surfaces

- Epoxy resin
